

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

July 25, 2022

Dear King Members, Friends, and Family:

The Wisconsin Department of Health Services continues to report higher COVID-19 virus case levels across our state this week. We are thankful that Waupaca County is seeing low virus transmission compared to other counties; however, we ask you to please practice safe behaviors in the community to mitigate the spread into our Home.

Since we updated you last on July 22, we had 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 7 cases of COVID-19 on campus (1 member, 6 employees).

We highly encourage everyone to get vaccinated and stay current on their booster shots as these add protection to you and lowers the risk of being hospitalized from a new infection. The CDC recommends everyone ages 6 months and older stay up to date with their vaccines, which includes everyone 5 years and older getting boosters if eligible, for the best protection against COVID-19.

If you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you are planning to visit our campus, all visitors are asked to wear an N95 or KN95 mask when in our buildings and perform a health check assessment upon arriving.

Thank you for your ongoing understanding and support of our Home.

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.

Tammy Servatius
Commandant
